## H.B. No. 5467 (RAISED) AN ACT ESTABLISHING A RED RIBBON PASS PROGRAM.

I have used PASS in the classroom and the outcome was incredible. Students were excited when they saw my classmates and I coming into their classrooms. Studies show that after sitting for 17-20 minutes the brain is asleep. With the implementation of PASS students seemed more awake and ready to learn. We used activities that reinforced what was being taught or had been taught in the classroom. Students were able to learn through movement and we're having fun at the same time. PASS is a fun and free way to get students to move while learning. The Red Ribbon PASS program would be a great addition to our schools that can pave the way for our students to be successful in the learning process and lead them to a bright future.
